

CONNECTING

WITH
COMMUNITY 2019
Community voice in research priority setting

You're invited to a Connecting with Community forum for community members and researchers who are currently involved in, or have an interest in, community engagement activities across the South Australian Health and Medical Research Institute (SAHMRI), Health Translation SA (HTSA) and HTSA partner organisations.

Come along to meet other community members and researchers, hear examples of how the community has influenced research priority setting and share your experiences and ideas for future community engagement activities.

For more information about the event, including copies of the 2018 forum presentations and documentation, please visit the '[Events and Seminars](#)' page on the HTSA website.

WEDNESDAY
16 OCTOBER 2019

Registration

9:00am - 9:15am

Forum

9:15am - 12:00noon
