

A clinical trials training initiative for everyone

A-CTEC
Australian Clinical Trials
Education Centre

The Australian Teletrial Program- South Australia and the Office for Research in the Department for Health and Wellbeing in partnership with Health Translation SA are providing a training initiative for everyone who conducts clinical trials across South Australia

What is A-CTEC?

 A-CTEC is a not for profit, member-based education platform, hosting a suite of evidence-based, interactive clinical trials education opportunities suitable for a range of learning needs

What is A-CTEC's vision?

 To build the capacity and capability of the clinical trials workforce through easy access to world-class education and training opportunities, at no cost to the end user

Who is A-CTEC for?

 A-CTEC is available to all staff involved in clinical trials in health service and university settings, regardless of role or site

A-CTEC provides:

-  Education and training that caters to the various levels of experience and competency of the clinical trials workforce
-  Courses which are interactive, practical, multi-modal and evidence based
-  Networking opportunities for the clinical trials workforce
-  A forum where duplication is reduced by working collaboratively to share resources and expertise
-  Reporting for reaccreditation
